## MASONIC SCHOOL OF INSTRUCTION

FOR HAMLIN LODGE No. 958

A. F. & A. M.

Bro. W. F. Green of Rotan Lodge, will conduct a school of instruction in the Oesteric Work at the Masonic Hall, beginning Thursday evening at 1:00 P. M.

The daily schedule is from 8:30 A. M. to 12:00 P. M.—1:00 P. M. to 6:00 P. M., at night from 8:00 P. M. to 11:00 P. M. Class begins Thursday, August 15 at 1:00 P. M. and will run through to Friday night. Then class will take up again Monday the 19th at 8:30 A. M. and run through daily and night to Friday night the 23rd.

All members who possibly can are urged to come. If any can not come to the day sessions come at night. This will afford opportunity to several of our members to prepare for a Certificate.

E. C. FEAGAN, W. M.  
W. E. BENSON, Sec'y.

## WILL TEACH KINDERGARTEN

### THIS WINTER

Starting September 9th, I will begin a class in Kindergarten at my residence. Any parent having children in this age please see me at once. Rates will be reasonable.

MRS. OTIS HOPPER.  
(42-4t)

Misses Gladys and Bertha Crawford, of Cameron, Texas, are guests of their relative, Miss Pauline Smith, of the Flat Top community.

## DISC ROLLING

I am prepared to roll your Disc Plovers, and will appreciate your consideration. Prices reasonable.

D. W. CARLTON SHOP. (42-3p)

## LITTLE LIGHTS ON LIVING

By MARIA LEONARD  
Dean of Women, University of Illinois  
© Western Newspaper Union.

### IS OUR AMERICAN HOME GROWING ANEMIC?

RED blood generally denotes health; lack of it, disease. The first question asked about any patient these days, is "What is the blood count, doctor?" It is time we were taking the blood count of the American home. While the medical profession is working so assiduously on lengthening of life, what the world needs today is the strengthening of life. This must be done in the home, because it is nearer the beginning of life than any place on the planet. Parents train not only young life, but they "begin" life, they create it. The home is the source of all of the human energies of our nation, whether physical, mental, moral or spiritual.

Probably three causes have contributed most to this anemic condition of the seemingly bloodless home life in our country. First, easy divorce laws are gnawing at America's vitals. She heads the world's list with one divorce out of every five marriages. Compare this with her nearest neighbor, Canada, who has only one divorce out of every 161 marriages. Secondly, the insidious heresy of companionate marriage based entirely on selfish gratification. Thirdly, America's trait for imitation as shown by Hollywood's heinous example of promiscuity on the silver screen. These are "the why" of America's anemic home life.

The world concedes, I believe, the first six years of child life to be the most impressionable of his whole life, because at this time the child's character is being formed by external influences from which later he will form his own convictions. Over a decade and a half of close contact with both parents and their children, as dean of women, I can see why some children are launched into life with hardly a fighting chance to grow strong. In fairness to youth it should be said that in most cases of problem students, there have been also problem parents.

A student was once dropped from the university because of very low scholarship. After several talks with her I could only sense something at home was troubling her. Her family pride forbade her revealing it. Later I talked with the father. Upon leaving the office, to hurry back to Chicago, he hurried the remark over my desk, "You will have to keep her here anyhow, as my wife and I have moved into a small apartment and haven't room for her."

"No child can grow up twice," Dorothy Canfield once said. Heaven help the children who are born to anemic homes.

## R. B. STROUP KILLED BY AUTO SAT. NIGHT

R. B. (Billy) Stroup, who had made his home in Hamlin for several months and who was connected with the gravel pit and highway work, was killed almost instantly in a car collision Saturday night, two miles east of Lockett, Texas, on Highway No. 5.

Mr. Stroup was 57 years of age. The wreck occurred about midnight and the other car was from Crowell. The injured man died just 35 minutes after reaching a hospital in Vernon.

Mr. and Mrs. A. W. Gray, of Georgetown, and Mrs. T. E. McDaniel of Dallas, a sister of Mr. Gray were here Saturday night and Monday on their way home from a long trip into West Texas and New Mexico. They were in Carlsbad Caverns Saturday with 750 others and they report not even a picture can tell how beautiful that place really is.

Mr. Gray showed two large photographs of scenes in Washington City where the throngs of American farmers recently assembled to show their appreciation for what the government had done for them. Mr. Gray represented his community as a farmer and grower. He is very proud of the Roosevelt efforts to help people find themselves.

Mr. Gray has about 1000 acres in farms in Jones County and other farms west of here.

Richard Lehman and Otto Berlin left Sunday for the big style show and dry goods market at Dallas. Richard Lehman is the progressive manager of the Strauss Dry Goods Store and says that the best way to keep the newest models on hand is make frequent trips to the markets.

### FOR SALE—FOR SALE

Here's your chance—I have several head of horses and mules for sale, also cows, yearlings, also two wagons, and 300 acres of Johnson grass pasture, plenty of water for lease, and a section of land for lease from one to five years. If interested in any of the above see

MRS. T. M. HILL,  
North Katy Station—Hamlin.

### BUYING MAIZE

Bring yours to us. Phone 343.  
D. C. GIBSON—LUMBER.  
(41-3p)

### WANTED

Wardrobe or steamer trunk. Must be in good condition and priced very reasonable. Apply at Herald Office or phone 165.

Miss Elda May Mayfield of Eden, came up last Friday to visit her sister, Mrs. Dan Boone and family.

MOORE'S SPECIAL DAIRY FEED  
\$1.50 PER CWT. PHONE 168.  
MOORE GRAIN CO.

### PIANO CLASS OPENS

Miss Edwina Gilbert will begin her fall piano class work at her home Monday, August 19th. Studios at both schools will be used as during the previous year with the opening of school.

### WANT LUMBER

I would like to buy some second-hand lumber, 2x4 and 2x8.  
J. M. STUBBS. (p)

SHOULD A CENTIPEDE GET A PENNY FOR ITS THOUGHTS?

## W. V. League Play-Off To Start Here Sunday

The Wichita Valley League pennant play off begins in Hamlin Sunday, August 18th, at 3:30 P. M. between Haskell, winner of the first half of the 1935 pennant chase, and Hamlin, winners of the second half and Champions of the 1934 race.

Both teams have strengthened considerably in the last few weeks. Haskell has just secured Hall, ace right handed pitcher from Childress, who will share the pitching assignments with Lefty Gaut Hambricht. The Haskell manager asserts that Hall is the best right hander the league has ever seen and that he is a better pitcher than either Courtney or Hambricht. Haskell certified Glenn McGlothlin, outfielder from Munday, last Sunday. McGlothlin is considered the heaviest hitter in the league this season having a batting average of over .400. He has been to bat twelve times against Hamlin this year and has connected for two doubles and three singles for an average of .416.

Hamlin certified another left hander Sunday, Lefty Jones of Trent, who has been pitching good ball all season, with about five shut-outs and one no-hit-no-run game to his credit.

Lefty Courtney and Lefty Hambricht have been selected for mound duty Sunday.

The play-off games have been scheduled as follows:

HASKELL at HAMLIN, Sunday, August 18th  
HAMLIN at HASKELL, Wednesday, August 21st  
HAMLIN at HASKELL, Sunday, August 25th  
HASKELL at HAMLIN, Wednesday, August 28th

Should a fifth game be necessary it will be played September 1st, the place to be agreed upon. The first team to take three games wins the pennant.

The Hamlin roster includes the following regulars:

Rowland, first base  
Ensey, second base  
Hallums, third base  
L. D. Weeks, short stop  
Pippin, outfield  
Rinker, outfield  
Jones, outfield  
Weaver, outfield  
Bradford, catcher  
Ford, utility  
Courtney, pitcher  
J. Hollis, pitcher  
L. Jones, pitcher  
Spider Miers, pitcher

### STORES WILL CLOSE

The Hamlin Merchants will be requested to close their stores for the game Wednesday, August 28th, from 3:30 to 5:00 P. M. and the way the business men have been co-operating with the local team it is likely that a big crowd will be on hand for that week day game.

### HAMLIN BLANKED HASKELL

#### HERE LAST SUNDAY

Hamlin won over Haskell Sunday afternoon, 4 to 0, as Lefty Courtney let the Indians down with two singles. Hamlin clinched the second half of the Wichita Valley League race, and will meet Haskell, first half winner, in a series for the pennant.

In Sunday's game Rowland, Pippin and Weeks led the Hamlin eight-hit attack on Pitcher Jones, the three of them batting in all the runs. Each got one extra bagger and a single.

Courtney fanned seven.

The box score:

Haskell	AB	R	H	PO	A	E
Bradley cf	4	0	0	4	0	0
Johnson ss	3	0	0	2	3	0
Norman 2b	4	0	1	0	2	0

Umpires—Bischoffhausen and Bledsoe.

## WENT TO ABILENE ATTENDED MEETING

It may sound a bit "presumptuous" for a paper man to always be telling about where he went and what he saw or did not see. But that's why a newspaper man "gets out." Why get away unless he tells at least part of the things he sees, hears, etc.?

For example W. L. Boyd and the Herald editor went over to Abilene, Wednesday to attend the West Texas Regional meeting, where we were promised an opportunity to learn lots of things. There were about 75 others there also.

The first noticeable thing was the crops along the road. They held up their heads fine, even in the middle of the afternoon. Cotton is late, and the older fields that have been worked out well are looking dandy, but the poorly cultivated field are not so good. Most feed is made and it is a good crop. The young feed is needing rain now.

The second noticeable thing, that is for its absence, was that never in our twenty years of going to and from Abilene did we fail before to see a lot of cattle roaming dangerously on the highways. "Nary a cow" Wednesday. You see the LAW went into effect last Friday granting the Highway Patrol power to take action to prosecute owners of stock, who let said stock run on the highways. It looks like its going to work.

### IN THE MEETING

In the meeting of representatives from surrounding towns, every class of business was included: Farmers, officials, merchants, stockmen, bankers, and even editors were present. President Ray Nichols of Vernon, spoke explaining that the West Texas Chamber of Commerce was for the purpose of protecting the welfare of the West Texas people. He discussed one of the proposed amendments to be voted upon August 24. It was the Old Age Pensions. He voiced sentiment against it for two or three reasons, yet saying that he and the organization were for some plan to care for the needy. He spoke calmly and there was no indication that those present were with him. In fact we really believe that the Old Age Pension Amendment will carry, even in the towns where Nichols has spoken. The amendment may not be the best worded but it should be passed so that Texas could meet its share provided by the Federal Old Age Pension Law that President Roosevelt signed this week. We advocate the passage of the amendment and in due time corrections can be made when we see they are needed.

### RELIEF TO STOP NOV. 15

Most of those present seemed more interested in what the government officials would have to say on Work Relief and how to obtain approval of projects. John Hendrix of Abilene, Assistant WPA district director, made it clear that no work will be started in these immediate counties till all the present outlook for private work has ended. He stated that records show that Jones and Taylor Counties will have to import labor to gather the cotton. Mr. Hendrix turned his talk over to R. C. Hoppe.

## FLANNIGAN WELL COMES IN AS NO. 5

General Crude-Flannigan No. 5 came in as a good producer on Thursday of last week. This well is in the main dome of the General Crude area, and was regular as to formation and depth.

Soon after striking the pay the oil, as usual, rose rapidly for 300 feet and the remainder of the process was a mere formality of completion, pulling pipe and setting in the pump. Five Flannigan wells and a good crop look good to even a blind man.

General Crude also has a good prospect for another well on the George lease. George No. 5 was last week down to the 800 foot level and doing nicely.

Projects Engineer, who made it clear that it would take a "perfect case" to meet all the restrictions and requirements to get a project approved. Only labor can be used from the relief rolls and the sponsor must furnish so much of the cost and other things. From the way people looked they seemed to be stunned. It would appear that they felt hopeless as to work in their communities.

### COUNTIES, CITIES, TOWNS,

#### MUST LOOF AFTER THEIR OWN

It was made clear that the aim of the government is to throw all "unemployables" on the communities after November 15. And if the political subdivisions do not hustle up some kind of work by then, not only the "unemployables" but the able bodied men, without jobs, will also be on the communities. That is the expressed situation in August and what it will be in December, no one can now tell.

John C. Turner and son, J. C. went to Waco Wednesday to make arrangements for J. C. to enter Baylor University at the opening of the fall term. They were accompanied home by Misses Mary and Florence Boyd, who were students during the summer in Baylor University.

Miss Katherine Adkins went to Waco Tuesday to attend the graduation exercises of Baylor University which were held on Wednesday of this week. Her brother, Sam Adkins, received his degree at this time.

Tate May, accompanied by Dr. and Mrs. C. R. Rister, of Norman, Oklahoma, left Sunday for San Antonio, and other points in South Texas. At Coleman, he was joined by his wife and son, James Tate, who had spent a few days there visiting relatives.

Dr. and Mrs. F. E. Rushing and son of Brownsville, Texas, were here Wednesday night to visit Mr. and Mrs. John S. White, Paul and Miss Ruby White.

Mrs. Carlton Parker and children of Roby, are visiting their parents, Dr. and Mrs. L. S. Magee.

Mr. and Mrs. C. W. Garrett and three children of Harmon, Oklahoma, came down last Friday to spend a week with their mother, Mrs. W. H. Garrett. Mr. Garrett is Supt. of the Hammon school and making good.

## SPEAKING HERE FRIDAY, AUG. 23

The Herald is requested to announce that Rev. W. R. Derr, and Prof. W. A. Stephenson, of Abilene, will speak at Hamlin, at 10:30 o'clock A. M., Friday, August 23rd, in behalf of prohibition.

THE PLACE is perhaps on the street.

Miss Ethel Hubler, one of the nation's foremost women speakers and temperance advocates, from Los Angeles, California, is to speak at a Dry Rally staged on the post office lawn in Stamford Friday night, Aug. 16th, at 8 o'clock. Miss Hubler speaks every Sunday on two of the nation's largest radio stations and is editor of "The National Voice," the oldest prohibition magazine in America.

## GOLF TOURNAMENT AT LAKEVIEW LINKS

### SECOND ANNUAL INVITATION

STARTS THURSDAY, AUG. 22  
CONTIUES THROUGH SEPT. 1

Qualifying starts August 22nd and must be completed by Monday, 26th at 12 o'clock.

Caclutta Pool and Picnic Monday night, August 26th.

Matches start Tuesday, August 27th, and continue through the following Sunday, Sept. 1st.

This promises to be the biggest and best event of this kind ever staged in Hamlin. Twelve or fifteen towns are expected to send contestants.

Through courtesy to visiting towns and in order to make this a successful tournament all local players are urged to enter. Fees are \$1.50.  
—REPORTER.

## WILLARD THE WIZARD BEGAN ENGAGEMENT

### WILL BE HERE THREE NIGHTS

The Hamlin Fire Department are proud to announce, that they are sponsoring the Original Willard the Wizard Show in Hamlin for a three days engagement. The big new tent was erected yesterday just off the Stamford Highway on lot adjoining skating rink.

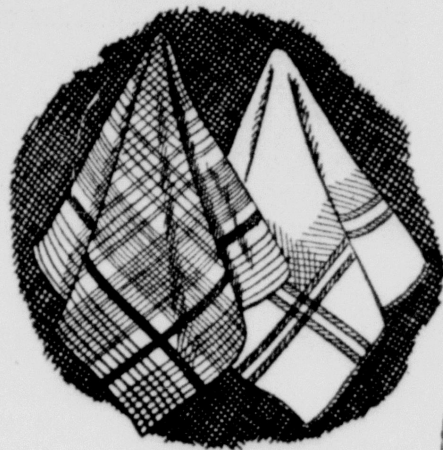

Willard is world famed, and is acclaimed the world over as being one of the outstanding Magicians of the present day.

This season Mr. Willard brings to you the largest show of his entire career of many years, using ten big trucks to carry his thousands of pounds of equipment and beautiful scenery. The big new tent is beautifully illuminated this season, and has a seating capacity of 1000.

This year there are many new mysteries and illusions from the Far East never before seen in this section of the country. The latest sensations of the day will be witnessed, including the astounding great YOGI MIRACLE, buried alive. Seemingly the Great Willard defies all the laws of nature with his mystifying, impossible stunts, and the comedy which is introduced throughout the entertainment makes it justly without exaggeration the wonder show of the universe.

Miss Mary Rippetoe of Mineral Wells, has accepted a position as saleslady for the Campbell Dry Goods store. She is a sister of John M. Rippetoe, who is pharmacist for the Reynolds Drug store.

HOW ARE VOTERS  
TO KNOW?

August 24 is an important election day—a day when SEVEN Constitutional Amendments are to either be accepted or rejected. Most voters are at a loss as to what to do.

The amendments are for the first time to appear on the Ballots by number, and the position of the amendment was drawn in the office of the Secretary of State.

1. To authorize the legislature to provide for old age assistance up to \$15 per month per person and to accept aid from the federal government to the same end.

2. To authorize the legislature to provide for temporary commitment of insane persons in county court, not charged with crime, without hearing before a jury.

3. To repeal the state prohibition amendment, abolish the open saloon, and provide for local option.

4. To permit amendment to the constitution to be submitted, under certain conditions, by special sessions of the legislature, instead of, at present, by regular sessions only.

5. To permit courts to place under probation persons convicted of crime.

6. To abolish the fee system of

compensating district and county officials in all counties of more than 20,000 population, and to allow county commissioners to determine whether, in counties of less population, officers shall be paid by fee or salary.

7. To allow the legislature to provide free text books for all children of scholastic age in all schools of the state, whether public or otherwise.

NOW WHAT ARE YOU GOING TO  
DO ABOUT IT?

Propaganda against or for some of them is flooding the country. Some say vote down old age pensions—some say vote for it. This same pro and con is going about all of them.

Do you think old age pensions are just?

Do you think there is a better way to determine whether or not an insane person should be sent to an insane hospital?

Do you think matters can be made better by repealing our prohibition clause?

Do you realize what it would mean for a court to determine that a person is guilty of a crime and then empower the court to grant probation and save the criminal from going to

## the penitentiary?

Do you think the legislature should be let go free to offer changes to the Constitution any old time?

Do you think a salary and fee system is better than a straight salary and no fee?

Do you think it wise to permit any teacher or school not recognized by the state to use and control free text books?

Just how many of the amendments are good and how many bad?

There is too much information these days for one to vote blindly or not at all.

To our way of thinking none of these amendments or at least but few of them will benefit the state as much as some of the bad ones will hurt the state.

The next point YOU make is: which are the good and how many bad.

## GET YOUR CHECKS

Hog checks are at Anson, for No. 1 Contracts. Better Go get 'em.

**ABSENTEE VOTERS  
SUBJECT TO NEW  
RULES THIS YEAR**

Nature of business or illness are the only reasons that will enable you to cast an absentee ballot in the special state election of August 24, when several proposed constitutional amendments will be voted upon.

Absentee voting by mail will begin Monday and casting of absentee ballots in person at the county clerk's office will start five days later. Both forms of absentee voting may be done until three days before the election.

New regulations governing absentee ballots provide that nature of one's business, sickness or physical disability will be the only legal reasons permitting casting of such ballots.

The citizen must first file an application with the county clerk. If illness is given as reason for voting absentee a physician's certificate must be filed with the written application.

Persons now away from their home voting places may write to the county clerk in their home counties for applications to vote. They then must have the application filled out before a notary public and returned to their home counties. The poll tax receipt or exemption certificate and 24 cents to cover postage must accompany the applications mailed to the notaries. The voters will then mark the ballots in the presence of notaries, and have them mailed back to the county clerks

**BOY SCOUTS OF HAMLIN  
HAD LARGE COURT OF HONOR**

On Thursday night, August 8, a Court of Honor was held for the Hamlin Boy Scouts. The Court of Honor consisted of four men: Gerald Morgan, L. H. McBride, Arlie Cassle, and J. H. Stevenson.

The following scouts passed Tenderfoot Tests, under the Court of Honor:

Paul Steed and John T. Durham. The following scouts passed second class tests: Wayne Palmer and Clifford Reynolds, Jr.

The following scouts passed first class tests: James Steed, Durwood Locke, and Raymond Elkins.

The following scouts passed star tests: Robert Fowler, Gilbert Freedman, Eddie Freedman, Charles Prater and J. R. Reynolds.

The following scouts passed merit badges: Ted Longino, camping, wood carving, and first aid for animals; Roy E. Tims, firemanship; John L. Norris, first aid, public health, handicraft, reading and safety; Raymond Elkins, Firemanship, poultry keeping, James Steed, first aid for animals, firemanship; Durwood Locke, first aid for animals, firemanship.

—SCOUT SCRIBE.

Mrs. J. A. Wilhite of Harlingen, came up Monday to visit her parents, Dr. and Mrs. L. S. Magee.

## Education Vital Part Of American Democracy

It has been repeatedly stated that the structure of American democracy rests on four cornerstones—freedom of speech, freedom of press, freedom of religion, and freedom of education. It has been emphasized time and again that to maintain our democracy, not one of these stones may be removed. The first three were placed in the first Amendment to the federal constitutional structure, and the fourth appears in the structure of the organic law and statutes of all the states and in the laws of the various other governments under the federal Constitution.

The fourth cornerstone—freedom of education—was a rough Ashlar, quarried and brought to its present fitness by the hewing of 300 years of American history. The best work was done during the last 100 years, the period in which the cutting and shaping was no longer performed under sectarian directors. Kept free from such influences, the finest work—the polishing of all surfaces—is yet to be done in this corner stone of our democracy.

Although the last to go into our democratic structure, education is the most important, for, without it, a dead weight of ignorance, intolerance, and prejudice will chip and mar the beauty and weaken the strength of the other three foundation stones of our political institutions.

\*\*\*

Efforts are being made in many sections of the United States by private and parochial schools to obtain subsidies from funds raised by public taxation. Both direct and indirect subsidies are thus sought. Di-

rect subsidies are asked for in the form of direct appropriations; indirect subsidies are sought in the form of services, such as the free use of school books, free transportation, free athletic supplies, free this and free that for the pupils of sectarian schools.

Two evils result from the support of sectarian and parochial schools from funds raised by public taxation; first, the principal stone in our social, economic, religious, and political structure—freedom of education—is weakened; second, the parochial or sectarian institutions which seek state aid not only unconsciously confess their own weakness, but in accepting such aid invite a breakdown of their spiritual powers. Besides, in seeking such aid, they selfishly choose to ignore the unhappy experience of past civilizations and would deliberately head the nation toward a union of State and Church.

—Scottish Rite News Bureau.

DOWN HERE in Texas, they are asking you to change our Constitution to permit private and sectarian and parochial schools to be given Free Text Books. Later they will want free money, free houses, free teachers without the state levying anything to say what or how it shall be used.

IT is so KIND for citizens to reveal to the local paper, the names of their visitors, or to phone that they are going to such and such a place or have returned. The folks who "gripe" about not seeing their names in print are the very ones who are the last to tell a newspaper person or phone what is what.

## WISE CHAPEL ITEMS

Our Baptist meeting closed Sunday night. Rev. Gray of Aspermont, and Rev. Johns of East Texas and our pastor, Rev. Thornton had a good meeting.

The Abbit meeting is going on this week.

Mr. and Mrs. Clyde Whitaker and family are visiting in Arlington and Dallas this week.

Mrs. Nancy Scott and son, Harry, of Sedwick, Miss Viola and Ross Smith of Aspermont, are visiting Connie Drake and sisters this week.

Clifford Proffitt of Sweetwater, is visiting this week with her grandmother, Mrs. Nane Proffitt.

Mr. and Mrs. Olan Vaughan and family have returned from a visit of some time, to Arizona.

Connie Drake and Ross Smith visited in Cisco, Eastland, Rommy and Sedwick this week.

Joe Webb, of Lamesa, visited in our community this week.

Mrs. Claude Jones and family of Kilgore, are here to make their home.

Mr. and Mrs. David Whitaker and family and Mary Greenway left for a visit to Lamesa, Monday.

Carlyne Greenway spent Sunday with Catherine Drake and Viola Smith.

Mr. Beans, of Moran, spent Sunday with Mr. and Mrs. Will Fomby.

—JOYCE.

Mr. and Mrs. Joe A. Simpson were visitors to Fort Worth Saturday night and Sunday.

Dr. and Mrs. P. A. Fowler have returned from a visit in Thorp Springs. Robert, Eva Louise and Paul, Jr., remained for a longer visit with their grand parents.

### Press Censorship In Europe

When David Darrah, for seven years the Chicago Tribune's correspondent in Italy, sent his June 14 despatch from Paris, he called attention indirectly to the widespread press censorship in Europe. *The Literary Digest* reports.

Mr. Darrah, with two Germans and an Austrian, was the fourth correspondent to be expelled from Italy since March. Two days previously the New York Times had printed on its front page the news that *The Times* had been forbidden entry into Italy, not for what its correspondent, Arnoldo Cortesi, had written but for an editorial published in *The Times* quoting Stanley Baldwin on Mussolini: "Mussolini has kept himself in power longer than most people thought possible, but the earth always trembles where he stands. Any day a great public catastrophe or a vast shaking off of Italian fetters in order to be free might leave him helpless on the ground, a shorn Samson."

#### Spread of Censorship

In Germany all pamphlets of J. R. Rutherford, published by the Watch Tower Bible & Tract society of Brooklyn, issues of *The Times* from June 2 to 5 inclusive, and *The Manchester Guardian* (previously banned in Italy) were included in the twenty-one publications which newsdealers had to surrender.

On information sent from Moscow by Walter Duranty, the only countries in Europe which have no press censorship are Great Britain, Norway, Sweden, Denmark, the Netherlands, and Switzerland. Another analysis by Bruce Blevins, of *The New Republic*, disclosed that two-thirds of the world's population live under a rigid censorship and only one-ninth under the degree of freedom existing in the United States and Great Britain.

### FIGHT WINTER COLDS WITH CIRCULATED HEAT

**Enjoy Summer  
all Winter**

**with Gas Floor Furnace**

Beware of colds! They thrive in drafty, poorly heated homes. Pictured above is interior of a home that has installed a precaution against them—circulated heat provided by gas floor furnace. In this location it heats living room and small adjoining study.

Designed to burn gas efficiently without waste, the gas floor furnace is as inexpensive to operate as the warmth it circulates is healthful. No oxygen is taken from the air it circulates. It is vented to carry off products of combustion and eliminate wall sweating. It can be equipped with thermostat for automatic control. For maintaining a uniform temperature in all parts of the room it is unsurpassed.

See this and other new gas circulating heaters. Install now at August savings and be ready to fight winter colds with healthful circulated heat.

## Scientists Record The Songs Of Rare Birds

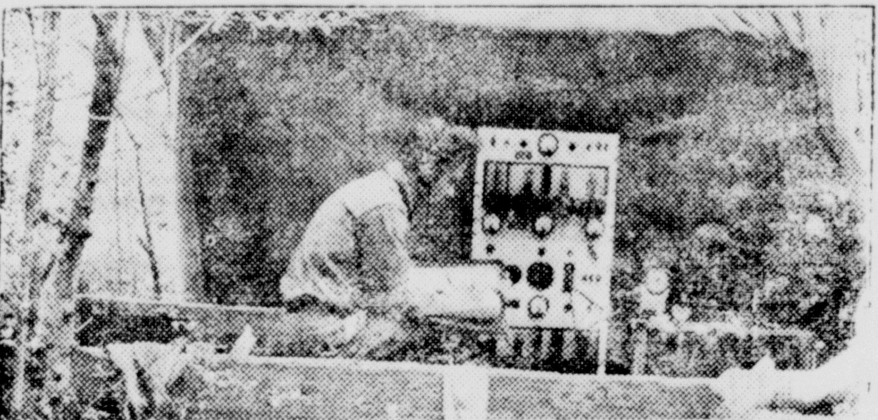

Expedition in the Southwest Preserves Voices of Unusual Species Before Their Extinction

**B**ACKED by Albert R. Brand, Associate in Ornithology at the American Museum, the American Museum of Natural History-Cornell University Ornithological Expedition, a caravan of mud-spattered scientists and two truck-loads of delicate apparatus, are somewhere in one of the southern or southwestern States picturing rare and common birds and recording the voices of unusual species.

Catching the song of a rare bird, says *The Literary Digest*, is a gamble. At four o'clock in the morning the scientists are up, have

song of a bird at a distance of 1000 feet can be caught; at 400 to 500 feet sounds are faithfully reproduced.

The bird's song is recorded in straight lines, like a spectrum, at right angles to the long way of the film. The thickness of the lines

Photographed by A. A. Allen, Cornell University Apparatus recording bird's song.

their apparatus in place and, if their position is favorable, they may be able to record the song of a rare species which may be extinct in the future. The collapsible platform on the top of the truck, will permit photographers to have camera, microphone and blind twenty feet above the ground.

The recording "mike" has its back to the source of the sound. It is a telescopic mirror, its sensitive side, located at the focus of a three-foot parabolic reflector, brings the distant sounds to a point. The

represents the volume of sound the number of lines to the inch the pitch; and the film travels through the camera at the constant rate of eighteen feet per second.

The "mike" disclosed the fact that, though the bird's song may be of short duration, it contains many notes. The winter wren's song, lasting a little more than seven seconds, contains 113 notes; but an experienced ornithologist, listening by ear, could only detect five separate notes.

## Economic Highlights

AUGUST 5, 1935

**HAPPENINGS THAT AFFECT DINER PAIRS, DIVIDEND CHECKS AND TAX BILLS OF EVERY INDIVIDUAL. NATIONAL AND INTERNATIONAL PROBLEMS INSEPARABLE FROM LOCAL WELFARE.**

The march of New Deal legislation through the courts continues. Within the past three weeks, three major Administration measures have been subjected to judicial scrutiny and two or the three have been found wanting. Last words, of course, will be said by the Supreme Court, when it meets for its next term, but present decisions provide a lead on what the highest court of all is likely to decide.

First case concerned the Agricultural Administration Administration. The bureau pays farmers for restricting their crops, raises the money through processing and floor taxes. Plaintiff in the case was a milling company, which had refused to pay \$82,000 demanded by the collector of internal revenue. In the district court, the Government was upheld, and the company was ordered to come through with the \$82,000. It appealed to the circuit court in Boston, which reversed the lower court, by a 2 to 1 decision, and held that Congress did not possess the power to delegate taxing authority to the Secretary of Agriculture. If this decision is given validity by the Supreme Court, the Government may have to refund processing taxes already collected, and pay future benefits out of regular funds.

Second case concerned the policy of the Public Works Administration in condemning land for low-cost federal housing projects. This is very close to the heart of Secretary Ickes, who has planned a \$250,000,000 slum clearance and low-cost housing program. Suit was brought by the property-owner who did not wish to sell at the Government's price, wished to bargain for greater compensation. The Cincinnati circuit court held for the plaintiff, said that the Government has not power to condemn land for this purpose.

Third case involved one of the most debated of Administration activities—the Tennessee Valley Authority. A few months ago suit was brought to restrain the Authority from selling electric power in competition with private producers and to invalidate contracts made between the Authority and various towns in the Tennessee Valley area. Federal District Judge Grubb held for the plaintiff, decided the contracts were illegal. The Government appealed to the Appellate court in New Orleans, and the judges overruled Judge Grubb, decided that the Government can sell power in competition with private parties.

Thus the New Deal came to the bar three times—won once, and lost

## a 3 week test MAKES YOU LIFELONG FRIENDS!

## THAT GOOD GULF GASOLINE

### Meet Good Gulf!

If you haven't had Gulf gas in your tank lately, try it just 3 weeks and discover what it can do.

Then see if you don't agree with an army of amateur "testers"...

### 750 said "Put 'er there"

750 car owners agreed to fill their tanks with Gulf for 3 weeks—to check it against their regular brands for (1) mileage, (2) starting, (3) pick-up, (4) power, (5) all-around performance.

### Result: Pals for Life

At the end of 3 weeks, 7 out of 10 owners found Gulf better in one or more of the 5 points—many on all five.

Why? That's easy! Gulf is 5 good gasolines in one. Controlled refining gives it not only 2 or 3, but all five ideal gasoline qualities.

Try That Good Gulf Gasoline—and you'll stick to it for good!

### GULF REFINING COMPANY

Q. What hint on how to shift gears can save you gasoline? You'll find the answer in this Gulf Booklet, plus 14 other valuable economy hints. Free—at the Sign of the Orange Disc.

twice. This is similar to past experience, and illustrates a fact recognized by Administration friends and opponents alike—that much of the legislation proposed and pushed by the President cannot be held valid without Constitutional change. And that promises to be the prime plank in next year's general election.

### BUSINESS IMPROVES

Every business publication and commentator seems agreed on this. The business outlook continues to improve, with advances especially noteworthy in the durable goods industries. These heavy industries are in a better position now than at any time since depression set in. In the words of one magazine, "It's a durable goods summer."

Here is some specific information: Copper — Recent demand exceptionally heavy. Tonnage sold in first half of July was equal to the quota for two months under the NRA code.

Machine Tool—Tremendous gain registered in dollar volume. Index recently touched 91 per cent of the 1926 average—best level since 1929.

Motors — Reports continue to be good. Passenger car sales for the first half of the year ran about 45 per cent ahead of the same period

in 1934. In June, Ford sold most cars for that month since 1930. Chevrolet surpassed all June records since 1930.

Electric Power — Recent month showed highest consumption since the latter part of 1931.

### M'CAULLEY NEWS

The Methodist revival closes Sunday night with Bro. Bateman preaching on the "Judgment" as the last sermon of the meeting. The Methodists are glad to report that they have new hymn books for their church.

The vacant house in McCaulley, belonging to Jack Miles of Hamlin, burned down early Saturday morning. Cause of the fire is unknown.

The home of Vernon Harris about four miles east of McCaulley was completely destroyed by fire Saturday morning. The report is that Mrs. Harris was boiling oil, to oil the floor and it boiled over and the stove exploded.

Mr. and Mrs. A. Clark and sons have moved to Abilene to make their home.

The Baptist revival will open,

either Sunday or Wednesday. Roland and Stephenson will lead the singing and the pastor, Bro. Hardesty, will be assisted by Bro. E. D. Dunlap, the pastor of the First Baptist Church of Sweetwater. Everyone is invited to attend these services.

### Laxative combination folks know is trustworthy

The confidence thousands of parents have in good, old reliable, powdered Theodor's Black-Draught has prompted them to get the new Syrup of Black-Draught for their children. The grown folks stick to the powdered Black-Draught; the youngsters probably will prefer it when they outgrow their childish love of sweets. Mrs. C. W. Adams, of Murray, Ky., writes: "I have used Theodor's Black-Draught (powder) about thirteen years, taking it for biliousness. Black-Draught acts well and I am always pleased with the results. I wanted a good, reliable laxative for my children. I have found Syrup of Black-Draught to be just that."

### BLACK-DRAUGHT

Mrs. J. B. Young and daughters, Miss Ellen and Virginia, of Pickton, Texas, came home with Mr. and Mrs. Carl Young last week to visit here for a month.

Mrs. Alice Abbott of Pomona, California, formerly of Stamford, was here Wednesday to visit her son, Walter Abbott and family.

Craiglene Elmore returned Sunday from Daingerfield where she had spent a month with her grandmother, Mrs. Dave Kirkham and other relatives.

### A SOCIAL CLUB MEETING

On August 6, the Swedonia H. D. Club met with Mrs. B. C. Carrier. Several members were absent for several reasons, so we just had a good social hour and Miss Girtie Young told us of her trip to the Short Course.

Refreshments of sandwiches, cherry tarts and tea were served to Misses Lillie and Girtie Young, Mesdames Dobbs Young and Carrier.

Next meeting will be at Mrs. Jerry Crowley's, Sept. 3.

—REPORTER.

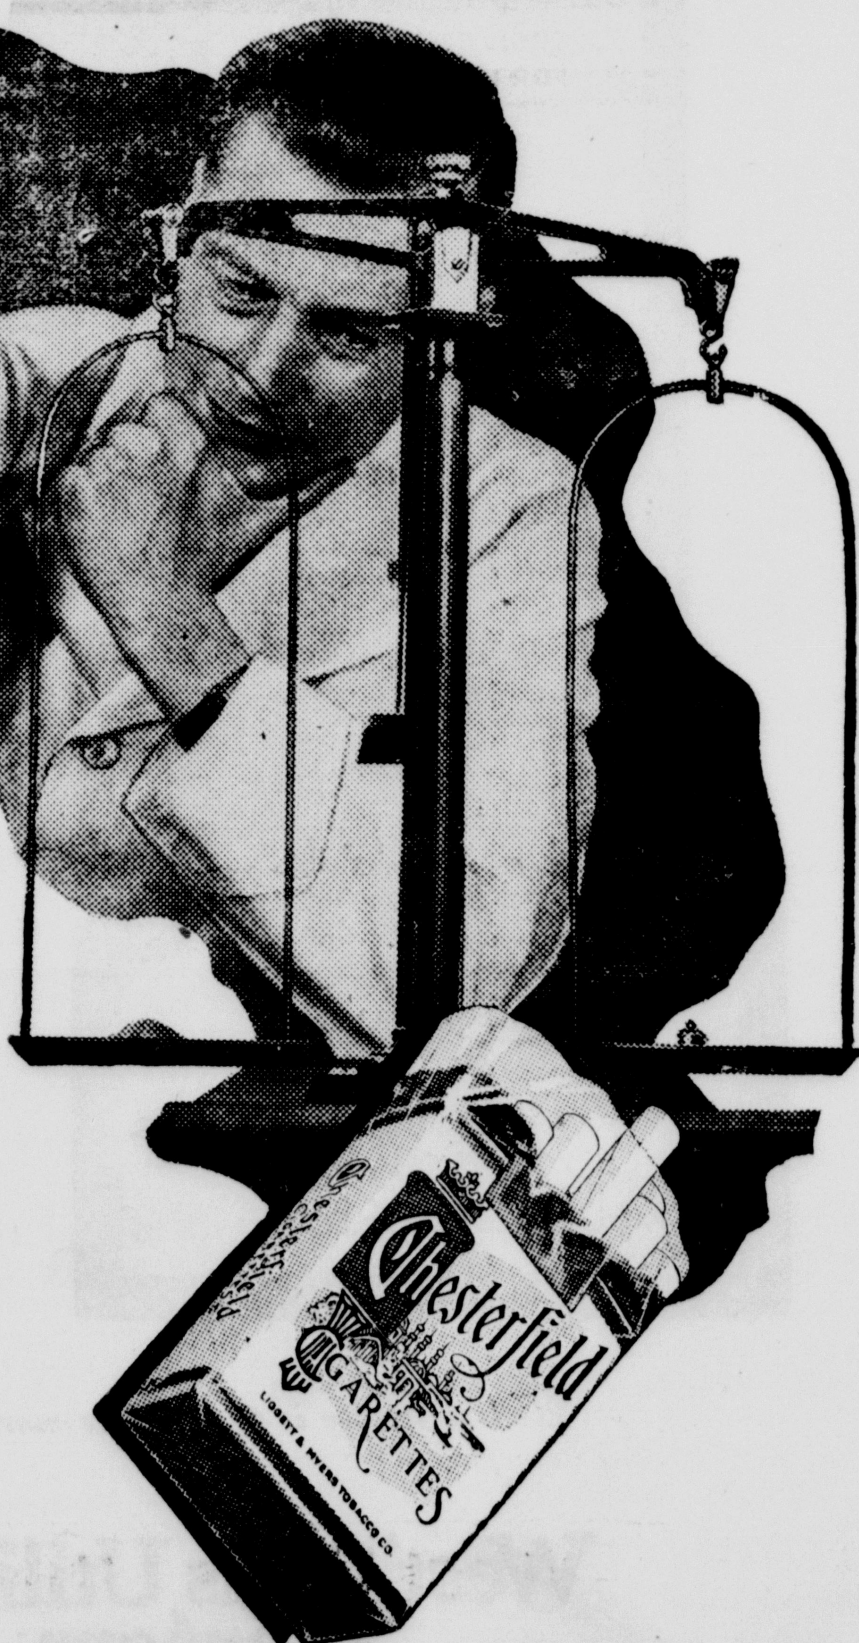

## A good cigarette, too needs Balance—

And that's why the tobaccos in Chesterfield are carefully balanced one against the other... not too much of one—not too little of another.

We take the right amounts of the right kinds of four types of tobacco—Bright, Burley, Maryland and Turkish.

It is this balancing of tobaccos that makes Chesterfields milder and makes them taste better.

Chesterfield... the cigarette that's **MILDER**  
Chesterfield... the cigarette that **TASTES BETTER**

## Churches and Church Activities

## METHODIST CHURCH

We are rapidly concluding the vacationing time and looking to the fall and winter months with great anticipation. There will be interesting work and enjoyable occasions provided for the development of Christian character through the program of the church. Some special meetings in the near future will be a program of singing, by the O. M. E. Church of Hamlin. Rev. and Mrs. Rowe, with members of their local church, will sing for us a number of "Negro Spirituals" interspersed with other special numbers; Saturday 8:15 P. M. in the Social hall of the Methodist Church.

On Monday evening, Aug. 18th, 8:15 P. M. there will be a general social given in the recreational hall. Come prepared to enjoy yourself in an hour of jovial fun. Gerald Morgan will be the head monkey; bring your laughing box. There is no age limit restrictions nor closed doors to those void of native beauty. It's a social for your enjoyment.

Sunday; 10:45 A. M., "The Utility of God." 8:15 P. M., "Is Life a Paying Proposition?" These questions are constantly before this generation. Let's think our way through to the reality of life.

The church is endeavoring to meet every need that may arise in the spiritual problems and opportunities of advancement in the lives of the

people of this generation. Those who take a vital interest are deriving a benefit from its services. Why not let the church become even a greater source of happiness in our lives? Sunday School 9:45 A. M. and Epworth Leagues 7:30 P. M. Missionary Society each Monday 4:00 P. M. and Prayer Meeting Wednesday 8:15 P. M. Join with us in these services won't you.

H. A. LONGINO, Pastor.

## SENIOR LEAGUE

The Senior League met at the usual hour. There were sixteen present. A good program was well rendered by the leader, Margaret Rowe. "In the Garden," "Help Somebody Today" and "The Old Rugged Cross" were the songs which were sung.

The subject for discussion was "Starting At Home." The parts on the subject were: "The Family Car," by Mina Faye Cotten. "A World Within Yourself" by Ila Carlton and "On Outgrowing One's Family," by Ernestine Hurley.

The League Benediction was repeated and we were dismissed.

We invite everyone to be with the Senior League every Sunday evening at 7:30 o'clock.

—REPORTER.

Dee Campbell, manager of the Campbell Dry Goods, went to the Dallas market and style show this week to complete his fall purchases of goods.

## Pineapple Prospers

ONLY prosperous people could afford to eat pineapple before the invention of canning. Poets used it as a symbol for the rare and luxurious—but kings and millionaires ate it. Balzac devised a scheme for getting rich by raising pineapple under glass, in the Paris suburbs, but the pineapples let him down. They preferred Hawaiian sunshine.

Today, however, pineapples have become so prosperous that they can afford to contribute their gold to all—the gold of health and appetite. On the sunny salt-breeze isles of Hawaii they ripen in such abundance that canners can afford to gather only the very best of the fine crop, pack them in cans and send them to us at exceedingly low cost.

## Share Their Wealth

To keep pace with the prosperity of pineapple, dietitians are devising new ways to use them, so that they may continue to bring their wealth to our table. Perhaps you will say, "They are so delicious just as they come from the can—why bother to prepare them otherwise?"

The answer is—variety. Use them just as they come from the can for breakfast fruit, and you will find that prepared in one of the delicious new forms, you will be ready for them again in a dinner salad, with meats, or as a dessert.

## Two Top-Notchers

There is an East Indian Shrimp Salad, for example, which combines crushed pineapple with shredded cabbage, moistened with mayonnaise and seasoned with curry powder—all neatly stuffed in ripe tomatoes, over the edge of which fresh or canned shrimp are hooked. Add this to your pineapple repertoire and see how rich you feel!

There's a dessert, too, that's quick as a wink to prepare—and so good. Just sauté sponge cake to a nice brown, add drained diced pineapple and sugar to the pan, sauté a few moments longer and when slightly golden in color, pour it over the sponge cake, topped with plenty of whipped cream. It's extraordinary!

## LITTLE BOY BREAKS ARM — GETS A BIRTHDAY PARTY

Junior Hallmark fell last Monday and broke both bones of his left arm just above the wrist.

His mother, Mrs. Oddis Hallmark, entertained him and a number of his little friends with a birthday party.

Noah's Ark cake and fruit drinks were served to Ralph and Jack Dean, Collene Miller, La Zett Lea Greer, Othel, Ivey and Iva Mae Wallace, Marvin and Daniel Larson, Curtis, Bufford and Donald Drue Johnson, Don Robert McCracken, Elma Ree Brewer, Betty June Taylor, Yvonne Payne, Bobby Dee Kelly, Patsy Taylor, A. J. and Mae Hallmark and Edna Taylor. Balloons were given as souvenirs.

Many gifts were presented to Junior who was six years old.

—One Who Was There.

Mr. and Mrs. Jim B. Miller, Mr. and Mrs. L. B. Holden, Mr. and Mrs. Claude Bessire, and baby, Miss Evalyn and Jess Miller, visited in Seymour and Vernon last week.

## MyFavoriteRecipes

Frances Lee Barton says:

EVEN the warmest July has some cold, drizzly days—when you and the family simply get a craving for a warm dessert. Blueberry Puff Pudding is delicious and satisfying.

**Blueberry Puff Pudding**  
2 cups blueberries; 2 cups sliced apples; ½ cup water; 3 tablespoons quick-cooking tapioca; ¼ cup sugar; ½ teaspoon salt; 2 tablespoons lemon juice.

½ cup sifted cake flour; 6 tablespoons sugar; 2 egg yolks, beaten until thick and lemon-colored; 2 egg whites; ¼ teaspoon salt; ¼ teaspoon cream of tartar.

Bring to a boil blueberries, apples, and water. Combine quick-cooking tapioca, sugar, and salt; add gradually to fruit mixture and boil briskly 1 minute. Add lemon juice. Pour into greased baking dish and keep hot.

Sift flour once and measure. Add sugar gradually to egg yolks, beating until light. Beat egg whites and salt until foamy; add cream of tartar and beat until stiff enough to hold up in peaks, but not dry. Fold egg yolk mixture into egg whites; then fold in flour, a small amount at a time. Turn out over hot tapioca-fruit mixture. Bake in moderate oven (325° F.) 60 minutes, or until cake is baked. Serve warm. Serves 6.

## How Cardui Helps Women To Build Up

Cardui stimulates the appetite and improves digestion, helping women to get more strength from the food they eat. As nourishment is improved, strength is built up, certain functional pains go away and women praise Cardui for helping them back to good health. . . . Mrs. C. E. Ratliff, of Hinton, W. Va., writes: "After the birth of my last baby, I did not seem to get my strength back. I took Cardui again and was soon sound and well. I have given it to my daughters and recommend it to other ladies." . . . Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

## The Herald TESTED RECIPE By Frances Lee Barton

FEW fruits are more refreshing than plums—and cooking this fruit seems to bring out its best flavor. In this recipe, blue plums and fruit-flavored gelatin combine very happily into a most refreshing dessert. It can be made so easily and quickly that you would be well advised to add it to your list of emergency desserts.

**Plums Grenadier**  
1 package cherry-flavored gelatin; 1 cup warm water; 1 cup juice from plums; 1 cup canned or stewed fresh blue plums.

Dissolve gelatin in warm water. Add plum juice. Chill. When slightly thickened, fold in plums. Turn into individual molds. Chill until firm. Serves 6.

Ed S. Cole of San Angelo, has accepted a position as baker for the Eddie Jay Bakery. Mr. Cole's wife and daughter, Miss Dathene, will join Mr. Cole here in making their home after a few weeks more. Miss Dathene is now in California on her summer trip. Mr. Cole comes highly recommended.

Mrs. Eddie Jay was brought home last Thursday from the hospital in Temple where she had taken a major operation. She is recuperating at the home of Mr. and Mrs. Fred Jay in Roby.

Mr. and Mrs. T. E. Bell and two sons of Roswell, New Mexico, returned to their home Sunday after a two weeks visit with their father, W. A. Gillis, five miles south of Hamlin.

Misses Frances and Eloise Lane of Spur, are guests of Mr. and Mrs. Otis Hopper, this week.

## Story of the Safeway Stores

20 YEARS AGO. . . A view of Safeway Store No. 1 located at American Falls, Idaho, as it appeared in 1915.

—By M. B. SKAGGS—

It was in the Sagebrush deserts of Idaho that the embryo, later to be the nationwide organization of Safeway Stores, came to life just twenty years ago.

This month wherever the familiar orange-colored name of Safeway hangs over a modern grocery store there will be celebration of the brief two-decade period that the organization has been in existence.

Founder of Safeway Stores was M. B. SKAGGS, who remains at the head of the organization as its chairman of the board of directors, only 47 years old. Born in Aurora, Missouri, fourth child in a dozen sons and daughters of a preacher-grocer-postmaster, Mr. Skaggs has breathed the pungent air of the grocery store from the time he could walk.

Familiar as he is today with every department of the business, advertising, store arrangement, real estate, purchasing—his one great theme is personnel. He realized early that to build an organization of many units, some of them 2,000 miles

from headquarters, he must have earnest, trustworthy, intelligent helpers. He wanted men able to bear responsibility, with courage to take the blows of misfortune, and with vision to grasp at every advantage.

He also realized that if a man was to assume responsibility he was justly entitled to share in the profits accruing from his efforts. With the opening of his second store Mr. Skaggs devised a bonus plan whereby the manager received a generous salary and in addition a percentage of the net profits of his store.

So well has he built that those who will honor him most at an anniversary will be the members of the Safeway Employees' Association—Mr. Skaggs' own idea, that association.

At the age of 19 Mr. Skaggs opened a restaurant, confectionery and meat market at Diamond, Missouri, in partnership with a brother. Later his father moved to Oklahoma and at Anadarko, Mr. Skaggs, a brother, and his father, opened a grocery store.

A few years later the family moved

to Southern Idaho, and in 1915, at American Falls, was started the grocery store that became No. 1 in the system. The store grew, particularly when Mr. Skaggs learned that he could buy carloads of peaches, cabbages, and other fresh fruits and vegetables and sell them cheaply and quickly.

Another store was opened in Burley, Idaho. Others came in rapid, but carefully planned succession until 1921 the organization invaded the West coast, beginning at Portland, Oregon. Since that day there has been no limit, save judgment, to the expansion of the Safeway Stores, still following the policy of careful, quantity buying, quick sales at a small margin of profit.

Much of the surplus food of the nation, at varying times, has been disposed of by Mr. Skaggs, to the benefit of the producers, the consumers and himself. Through nationwide sales in lamb at critical times, beef, fruits, vegetables at others, he has eliminated the surpluses and maintained prices, at the requests of producers.

ducers.

Livestock men, fruit and vegetable growers are his friends. They come to him with their problems and seldom does he fail to throw the great organization's power to their rescue, with resulting bargains to housewives.

Once a contract is signed for the purchase of a huge quantity of any commodity, Mr. Skaggs puts his accountants to work figuring, not "how much can we get for this?" but "how little can we sell this for, and still make a fair profit?"

Thus it is that in his beautiful California home at evening this still-young business man sits watching contentedly the cool mists of the Pacific roll in. At his back is an organization of service, far more perfect than he had dreamed a short time before. Happy in contemplation of the past he is equally certain of the future—a clearly defined program of progress, but only such progress as will benefit the producers of food, the consumers of food, and those thousands of young men and women in his own organization who have bridged the wide gap between the two so efficiently.

### ENDORSE CORN-HOG ADJUSTMENT PLANS

The Texas Corn-Hog Advisory Committee, being the duly elected representatives of about 38,000 Texas Corn-Hog producers in 225 counties, while in session at the Farmers' Short Course at Texas A. & M. College, issued the following statements:

"We wish to go on record commending the National Administration for its untiring effort to give the farmer an opportunity to receive parity prices for the commodities he produces and markets, and to give the producers of agricultural commodities a protection similar to that which has been given manufacturers and other commercial interests. Texas farmers are keenly aware of the fact that this is an unprecedented consideration given them.

"We insist upon the continuation of Agricultural Adjustment programs and processing taxes, without which Texas farmers and Texas business would suffer.

"We express the determination of Texas farmers to hold our adjustment programs regardless of attacks made on them, and serve notice that we shall insist upon some kind of farm program not matter what legal difficulties may arise in connection with the present one.

"We heartily endorse, and are ready to assist the Texas Agricultural Association in its effort to expose the unconstitutionality of the high protective industrial tariffs which have been of great damage to the majority interests of farmers, and we call on all the people of Texas to assist us in our struggle for a fair deal which is of great importance to the people in all occupations just as well as to those engaged in farming.

"We wish to commend and endorse the Corn and Hog Section of the Agricultural Adjustment Administration in Washington for the splendid way they have carried out the program in Texas and the manner in which they have helped the Corn-Hog contract signers of Texas to meet each problem that has come up in carrying out the program.

"We want to express the appreciation of the farmers we represent, to the Extension Service of the Texas A. & M. College, for the capable way the program has been handled and the fair, impartial decisions that have come down from the officials in charge.

"We endorse the actions of the members of the present Corn-Hog Review Board and the way they have handled the job of allotment that has been their duty. The Board has been fair and just in all its decisions and rulings, and contract signers appreciate its impartial allotments.

"This committee feels that the Corn-Hog program has been efficiently and fairly carried on in Texas.

as. The County Agents, all Corn-Hog Committeemen and others connected with the program have worked hard in putting it over. The contract signers have been harmonious and have co-operated with the officials, and this committee wants to express its appreciation to all connected with the program for the manner in which it has been handled."

**But O'PHILOSOPHY**  
by DEAN E.V. WHITE  
TEXAS STATE COLLEGE for WOMEN (CM)  
If people profited by their mistakes, some paupers would be millionaires.  
If boisterous laughter were brains, fools would be wise.  
A real man is not lonesome when left alone with his thoughts.  
To want friends is to realize that you are poor.  
One does not learn anything by hearing himself speak.  
A car without gas is only a place to sit down.

**You can drive it 50 miles an hour the day you buy it**

THE FORD V-8 is ready for normal driving when you buy it. There is no tedious period of breaking-in for 500 or 1000 miles. You can drive it up to 50 miles an hour the first day. And after the first hundred miles you can drive it as fast as you desire.

That means greater motoring enjoyment for every motorist. It is especially important to motorists who are thinking about a new car for a vacation trip—to physicians, salesmen and all those who use a car for business. Instead of dragging along at slow speeds for days, you can make good time from the start.

The reason for this is as important as the result. The Ford V-8 needs no breaking-in because of unusual accuracy in the manufacture of moving parts and the smoothness of bearing surfaces. Clearances are correct when you buy the car. It is not necessary to depend on a long wearing-in period to eliminate tightness and insure smooth running. Longer life, greater economy and better performance are bound to result from such precision methods. The Ford V-8 gives you fine-car construction, along with fine-car performance, comfort, safety and beauty.
